Subsequently on 15-5-1920, the Deputy Chief Engineer has ordered that the Special repairs to the roads too are to be attended to by the Gardens department and this estimate too has been forwarded to the Superintendent Govt. 1) A perusal of the G.O. of 26.12.19 makes it clear that the main intention was to transfer the Establishment of the Garden Dept & not that Dept look after the proper upkeep of the roads. A necessary inference from this would be that while the annual maintenance charges would be placed at the disposal of the Garden Dept. Such charges for special repairs would be provided by the P.W.D. Subsequently to this the Ch. Engr & the Supdt. Govt Gardens met inspected & after discussion, came to an understanding that the maintenance of roads would be completely transferred from the province of the P.W.D. to the Gardens Dept. It is seen from the file that this was identical with the view held in 1917 by the then Dewan & the Irish Member of Council. This is in my opinion also a satisfactory arrangement. As such it seems true that the provision hitherto made every year in the P.W.D Budget on this account should be transferred to the Budget of the Gardens Dept. I presume that there would be no financial objection to this arrangement. If so, it appears best to regularise the matter vide by a formal G.O.

order No G 746-8 one file

Bangalore Dated 16th July 1920

In the Govt order Read above, the Gardens Department was made responsible for the proper upkeep of the lawns and the maintenance of the roads in the Cubbon Park in an ~~tidy~~ Efficient condition while the Public Works Department was made responsible for the Engineering portion of the work such as repairs of the roads in the Cubbon Park. Consequently, the annual maintenance Charges for the said roads were placed at the disposal of the Gardens Department while Charges for special repairs were provided in the Public Works Department. As such arrangement ~~did~~ has not calculated work satisfactorily, the Chief Engineer and the Superintendent, Govt Gardens Came to an understanding after a

discretion and discussion

February 1920, that the maintenance of the above roads should be completely transferred from the purview of the Public Works Department to the Gardens Department. Government are pleased to accord their approval to this understanding as it appears to be a most satisfactory arrangement under the circumstances. They are accordingly pleased to direct, in modification of the G.O. read above, that the maintenance of the Cubbon Park roads including special repairs etc. be transferred to the Gardens Department and that the provision hitherto made in the P.W. Department Budget on this account be transferred to the Gardens Budget.
